There are so many exciting things that happen in the fall. And now that we have a routine down we will be starting up our clubs.

To reward those students who want to get their homework done we will be starting a homework club. We will also be starting our S.S.R. (Silent Sustained Reading) soon and we also have a science club, math club, cooking club, and new this year will be our drama club.

We will get the specifics ironed out and let you know what days to expect it. It’s kind of crazy how many things we try to cram into our short time with your child but at least they don’t complain about being bored.

As many of you know the W.O.L.F. Pack took on a special project in order to help one of the teachers and a parent here at Sunnyslope. Five kittens were left abandoned by their mother and were in need of care. At first we bottle-fed them and then eating solid food and finally potty trained.

The first week in October we made signs and flyers to help get these adorable kittens adopted into loving and happy homes and it worked.

All the kittens were adopted and I have received updates that all the kittens are energetic and very playful.

I will be making a special kitten book with photos of the kids and the kittens for us to enjoy even though we can’t enjoy them anymore. Be sure to have your child show it to you.

Our Kitten Project
How Do You Like Your Fried Worms?

As a group this fall we have started to read the book “How To Eat Fried Worms” by Thomas Rockwell. We have been using our imagination to try to guess what a worm would taste like. We will also be writing our own worm recipes and making some tasty worm concoctions in our Cooking club, don’t worry no worms will be harmed in the making of our snack. Once we finish our book we are going to have a special movie presentation. Unfortunately the movie didn’t stay at the theater long enough for us to finish our book but at the beginning of December the movie comes out on DVD.

So Many Allergies This Year

This year we do have some severe allergies and we make rules and take extra precautions to make sure all our students are safe. Our Policy is that no food will be consumed after school unless provided by or checked by our staff. No food from home or from class unless pre-approved. Any questions please feel free to ask.

Dates To Remember

November 10th No School; All Programs Closed
November 22nd Early Release Program open 11:45-6:00
November 23rd and 24th Thanksgiving Break; No School: All Programs Closed
December 8th “How To Eat Fried Worms” Movie Day

Happy Thanksgiving from The W.O.L.F. Pack Staff! –Krissy Quilter and Kris Sisson
